PLAY MAY BE DROPPED

Some Trouble Gathering
About Jap
Actors.

The "The Odious Cique," the theatrical production which was given its initial presentation at the Japanese theater on Saturday night, and which was stopped by the police owing to some people in the audience becoming boisterous, may not again be shown before the footlights. The backers have had a change of heart, for they realize now that a direct insult was offered not only to the Japanese Consul-General, but to his wife as well. In fact, the insult to the Consul's wife was generally deprecated.

It has also been conveyed to the backers of the play that the Consul has just cause to bring a suit against them for criminal libel. The backers realize that they have gone just a little too far in the matter, and will drop the play end of the systematic movement now being directed to unseat the Consul. Not alone that, but a gentle hint was dropped by the police that at least one portion of the play, notably a scene aboard the steamship Coptic, is indecent.

MAUI IMPROVEMENTS MAY BE CHECKED

"And I suppose, when I get it all ready, that the Governor will tell me that it is county business, and must be left to the counties," complained Superintendent of Public Works Holloway yesterday.

"Why is it the plans and specifications for the Iao Valley road and the trail up Haleakala. Those improvements were provided for in the last loan bill, and the appropriations will expire by limitation of the law on the 30th of June. That is, the auditor will hold up warrants on contracts for the improvements not entered into before that date. And, as I say, now that we are about ready, I suppose that the Governor will tell us that those are county matters, anyhow. Well, we have the plans ready, and they can go ahead and build the roads when they want to."

"The Iao Valley road leads up the valley to the plains at its head, and, properly speaking, it is a tourist road. It is about two miles long, and should be built for \$10,000. The trail up Haleakala should not cost more than \$3,000."

"We are also getting ready to construct a new landing at McGregor's Bay, to take the place of Maialaea landing."

CRISIS OF GIRLHOOD A TIME OF PAIN AND PERIL

Miss Emma Cole Says that Lydia B. Pinkham's Vegetable Compound has Saved Her Life and Made Her Well

How many lives of beautiful young girls have been sacrificed just as they were ripening into womanhood! How many irregularities or displacements have been developed at this important period, resulting in years of suffering!

Girls' modesty and oversensitiveness often puzzle their mothers and baffle physicians, because they withhold their confidence at this critical period.

A mother should come to her child's aid and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change and start the menstrual period in a young girl's life without pain or irregularities.

Miss Emma Cole of Tullahoma, Tenn., writes:
Dear Mrs. Pinkham:—
I want to tell you that I am enjoying better health than I have for years, and I owe it all to Lydia E. Pinkham's Vegetable Compound.

"When fourteen years of age I suffered almost constant pain, and for two or three years I had soreness and pain in my side, headaches and was dizzy and nervous, and doctors all failed to help me."

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking it my health began to improve rapidly, and I think it saved my life. I sincerely hope my experience will be a help to other girls who are passing from girlhood to womanhood, for I know your Compound will do as much for them."

If you know of any young girl who is sick and needs motherly advice ask her to write Mrs. Pinkham, Lynn, Mass., and she will receive free advice which will put her on the right road to strong, healthy and happy womanhood.

FREE TO MEN!

A BOOK FULL OF FACTS ABOUT

DR. McLAUGHLIN'S ELECTRIC BELT FOR WEAK MEN

I KNOW THAT NO MAN REMAINS A WEAKLING BECAUSE HE WANTS TO; I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book, in which I describe how I learned that manly strength was only electricity and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks and are now among the finest specimens of physical manhood.

I want you to read this book and learn the truth about my arguments. If you are not as vigorous as you would like to be, if you have rheumatic pains, weak kidneys, loss of vitality, prostatic troubles, nervous spells or any ailment of that kind that unmans you, it would assure you future happiness if you would look into this method of mine. Don't delay it, your best days are slipping by. If you want this book I send it closely sealed, free, if you send this ad.

Crystal Springs Butter

is the joy of the particular housewife. It is always pure and sweet, and our system of packing it in neat cardboard cartons prevents it from getting soft and preserves it from becoming impregnated with the flavor of other articles in the ice-chest. We received a fresh consignment of this excellent butter per the steamship Alameda.

HINTS FOR THE DAIRY.

A cow abominates an unclean person.
Many dairymen feed too much; more feed too little.
Cows need roots from October to May for best results.
Salting the cows is one of the things too often neglected.
Do not milk your cows before they calve. Reduce the food if udder is getting too hot, but do not milk.

There is good reason to believe the colostrum, or first mess, should be divided between the cow and calf.

In dairying brains are needed as much as "blood;" yet the amount of brains is not as essential as the quality.

Most cows prostrated with fever can be cured if prompt attention is given. The remedy is not physic, but warmth.

The greatest blessing that ever comes to a dairymen is a sweet-tempered wife who can make fine butter. I know this by experience. The wife appreciates having her husband say nice things about her and her work.—Midland Farmer.
